

It is important over the duration of the summer not to feel isolated and still be able to receive support through services when your usual regular contacts are unavailable.

I have formulated a list of support services from the NYCC website for your reference:

The Energy Doctor

Yorkshire Energy Doctor is a Community Interest Company (CIC) based in Selby. We are a not-for-profit organisation working to tackle fuel poverty and to ensure that everyone is able to heat their home at an affordable cost. Every household is different whether it be how you pay for your energy, how you heat your home, your personal circumstances, whether you are in debt with your energy supplier, or the issues or challenges you are facing. Home energy visits are the best way to provide one-to-one advice that is specific to your own circumstances.

YOUNGMINDS

We're here to make sure they get the best possible mental health support and have the resilience to overcome life's difficulties.

The crisis in children and young people's mental health is real and it is urgent. More children and young people than ever before are reaching out for help with their mental health. But for those who take that brave step, help is much too hard to find.

Together, we are changing this. We're fighting for young people's mental health
